Zenith Aviation, Inc. today announced it has occupied an additional 10,000 sq. ft. of warehouse space bringing their total over 44,000 square feet. The new space is specifically to house wings, flaps, landing gear and other large, bulky items. Zenith's President, Mr. Robert Stanford, said "our continued fast growth and recent purchase of nearly one million additional parts for stock led to this decision. Zenith is totally committed to providing the aviation community the very best service."
